

JOSLYN
Art Museum

COMMITMENT TO THE FUTURE

An Endowment to Benefit Joslyn Art Museum

Since 1931 Joslyn Art Museum has provided the community with a place for culture, education and enjoyment. It has served local, regional, and national audiences by developing a permanent collection that surveys the history of art from antiquity to the present, by showcasing outstanding special exhibitions from around the world, and by providing widely a multitude of education programming and community outreach to connect our community with art.

As we look to the future, Joslyn will continue to grow and transform to accommodate a new generation of museum audiences. Our vision is clear, relevant, accessible, and exciting. We will continue to secure our position as a place where people of all ages and all backgrounds can enjoy, learn, and share ideas with art professionals and research scholars using our permanent collection and special exhibitions as a catalyst.

YOUR GIFT. YOUR IMPACT. YOUR LEGACY.

By contributing to the endowment, you are supporting Museum programming, the permanent collection, and the community.

Our Community Our General Endowment and Sculpture Garden Endowment Support:

- Free Admission
- Strategic partnerships/alliances with universities, libraries, schools other arts organizations
- ArtWorks: A Creativity Center where families can explore art together
- Engaging the artist community through mentoring programs and teaching opportunities
- The maintenance and preservation of the building and the surrounding landscape

Programs Our Education Endowment Supports:

- Education programs are designed to enable all audiences to connect with art including:
- Youth and family programs and events centered around special exhibitions
- Teen mentoring programs with local artists and volunteer opportunities
- Schools, Teachers, and Technology programming which includes museum tours, teacher training, curriculum resources, and multimedia opportunities
- Adult Programming that includes lectures, luncheons, gallery talks and partnerships with local cultural institutes
- Community Outreach to patients at UNMC, residents at homeless shelters, and many other local partnerships
- Studio art classes, from preschool to adult
- Self-guided resources, including mobile tours; hi-tech scavenger hunts; the EdTech Gallery with iPads, print guides, and Art Packs

Permanent Collection Our Art/Conservation/ and Durham Center for Western Studies Endowments Support:

- Diversification of the collection through new art acquisitions
- Strengthening the collection through high quality care, preservation, and research
- Building a strong curatorial staff across multiple art genres
- Stabilization, conservation, and proper storage of the permanent collection
