Make a **POSSIBLE BAG**!

Use this pattern to make your very own Possible Bag. Trappers carried Possible Bags into the west to hold small items they would need on their journey, or anything "possible". Cut along the dotted line to make a large oval. Fold the cut-oval in half along the dashed line. Decorate the front of your Possible Bag with your own design. Punch two holes through the small black holes on both sides of the bag. Lace a long piece of yarn through the two holes to create a strap so you may carry your Possible Bag over your shoulder. Continue to punch holes, if you like, along the bottom of the bag to attach yarn to create decorative fringe. Finally, fill your bag with supplies by coloring, cutting, and attaching the supplies found on the "Possible Bag Supplies" sheet.
